

Diego Melgar | Ph.D.

✉ dmelgarm@uoregon.edu • 🌐 <http://pages.uoregon.edu/dmelgarm>

Education

Scripps Institution of Oceanography <i>Ph.D., Geophysics</i>	La Jolla, CA <i>August 2014</i>
Scripps Institution of Oceanography <i>M.S., Geophysics</i>	La Jolla, CA <i>August 2010</i>

Academic Positions

Ann and Lew Williams Chair of Earth Sciences	University of Oregon 2/2021-present
Assistant Professor	University of Oregon 10/2017-present
Research Geodesist	University of California Berkeley 9/2015-9/2017
Postdoctoral Fellow <i>Supervisor: Dr. Richard Allen</i>	University of California Berkeley 8/2014-9/2015
Graduate Student Researcher <i>Supervisor: Dr. Yehuda Bock</i>	Scripps Institution of Oceanography 9/2009-8/2014

Honors, Fellowships and Research Awards

- 2016:** Charles F. Richter Early Career Award, Seismological Society of America
2014: Edward Frieman Prize for Excellence in Graduate Research, Scripps Institution of Oceanography
2012-2014: NASA Earth and Space Sciences Fellowship

Publications

Citation Report: <http://bit.ly/1Ehv2Y9>

Peer Reviewed

* denotes student or postdoc as first author

Grants

2021-2024. \$419,701, NASA ESI, Co-I: Three-Dimensional Kinematics and the Crustal Deformation of Tsunami Earthquakes

2021-2022. \$89,299, USGS EHP, PI: Regional Automated Final Fault Inversion of Seismic and Geodetic Data: Towards 10-minute solutions

2019-2019. \$8,026, IRIS Internship, PI: Tsunami Modeling of the 1787 Tehuantepec Earthquake: An International Undergraduate Internship in Seismology and Hazards

2019-2023. \$865,026, NASA DISASTERS, PI: Local Tsunami Early Warning with GNSS Earthquake Source Products

2019-2020. \$85,268, USGS EHP, PI: Physics Based Broadband Simulations for Earthquake Early Warning

2019-2021, \$427,189, NASA ESI, PI: Machine Learning for Rapid Magnitude and Hazard Characterization of Large Earthquakes with HR-GNSS

2019-2022. \$405,494, NSF CSSI, PI: Collaborative Research:Framework:Data:NSCI:HDR:GeoSCI Framework: Scalable Real-time Streaming Analytics and Machine Learning for Geoscience and Hazards Research

2017-2018. \$13,967, NASA RAPID, Co-I: Evaluation of Real-Time GNSS Waveforms for Tsunami Warning at NOAA's Tsunami Warning Centers

2016-2017. \$14,567, NASA RAPID, Co-I: Deploying NASA GNSS-based Technology at NOAA's Tsunami Warning Centers

2013-2014: University of California Ship Funds award for student lead ocean research

Mentoring

Yu-Sheng Sun

2020-

Ph.D. Student

U. Oregon

David Small (joint with D. Toomey)

2019-

Ph.D. Student

U. Oregon

Sydney Dybing

2019-

Ph.D. Student

U. Oregon

Sean Santellanes

2019-

Ph.D. Student

U. Oregon

Jiun-Ting Lin (joint with A. Thomas)

2017-

Ph.D. Student

U. Oregon

Dr. Khurram Aslam (joint with A. Thomas)

2019-,

Postdoctoral Fellow

U. Oregon

Dr. Dara Goldberg

2019-2020, now at USGS National Earthquake Information Center

Postdoctoral Fellow

U. Oregon

Dr. Amy Williamson

2018-2020, now at NOAA National Tsunami Warning Center

Postdoctoral Fellow

U. Oregon

Dr. Christine Ruhl
2016-2018, now Asst. Prof. at University of Tulsa

Postdoctoral Fellow
UC Berkeley

External Mentoring

Miriam Vazquez Caamal

IRIS undergraduate intern
U. Oregon

UC San Diego

Service

National Academy of Sciences: Committee on Solid Earth Geophysics (2020-)

NOAA: Tsunami Science Technical Advisory Panel (2020-)

SSA: Annual Meeting Program Committee (2020)

NSF: EAR Geophysical Facilities Portfolio Review Committee (2020)

SZ4D: Steering Committee (2018-2020)

Associate Editor: Journal of Geophysical Research (2018-2020)

Associate Editor: Bulletin of the Seismological Society of America (2016-2018)

UNAVCO: Geodetic Infrastructure Advisory Committee Chair (2018-). Nomination Committee (2019-2020)

IRIS: International Development Seismology Committee (2018-2020)

ShakeAlert early warning project committees: Executive committee, geodesy committee, ground motion committee (2016-)

Meeting convener: 2016 Subduction zone observatory meeting, 2018 UNAVCO science workshop

American Geophysical Union: On-Demand Program Committee

Journal Reviewer: Geophysics Journal International, Bulletin of the Seismological Society of America, Seismological Research Letters, Geophysical Research Letters, Journal of Geophysical Research, Tectonophysics, Earth and Planetary Science Letters, Geofisica Internacional

Proposal Reviewer: National Science Foundation, Swiss National Science Foundation, FONDECYT (Chile)

Teaching

2020-: ERTH 616:Signal Processing

2019-: ERTH 201:Dynamic Planet Earth

2019-: ERTH 610:Crustal Deformation

2018-: ERTH 306: Earthquakes and volcanoes

2017-: ERTH 363: Computational tools for Earth Science

2011-2012: Teaching Assistant, SIO15 Natural Disasters. Instructor, Dr. Gabi Laske

2008-2009: Teaching Assistant, Complex Analysis for Geophysics. Instructor, Dr. Xyoli Perez-Campos

Operational Responsibilities

9/2015-9/2017, Bay Area Regional Deformation Network: While at UC Berkeley I was in charge of maintaining a 32 station real-time GPS network and its associated real-time data products. This includes finite fault algorithms that contribute to the ShakeAlert earthquake early warning system. I supervise one real-time programmer and coordinate maintenance with a field crew of 2 engineers.

Ocean Going Experience

6/2020 (postponed to 2021): Science party on-board the R/V Sikuliaq. Deploy 2 GNSS-A sites offshore Oregon. 10 days at sea.

6/2018: Science party on-board the R/V Elakha. Waveglider recovery for seafloor geodesy survey offshore Newport, OR. 2 days at sea.

12-2013-1/2014: Principal Investigator and Chief Scientist on-board the R/V Roger Revelle for the Multi Spectral Imaging of the Sunda Mega Thrust (MIST) expedition, Colombo, Sri Lanka to Kao-Hsiung, Taiwan. 28 days at sea.

Invited Seminars and Talks

Ecole Normale Superieur, Institut du Physique du Globe: online, 2020

University of California Santa Barbara, Physics Department: online, 2020

Symposium on the Role of Machine Learning in Geophysics: National Academy of Sciences, Washington DC, 2019

Earthscope Finale Symposium: AAAS, Washington DC, 2019

Earthscope Speaker Series: University of Idaho, Santa Rosa State University, Michigan Technological University, San Diego State University, Calvin College, 2019

University of California Los Angeles: Los Angeles, CA, 2019

Oregon State University: Corvallis, OR, 2018

University of Oregon: Eugene, OR, 2017

Columbia University: Nyack, NY, 2017

University of Hawaii: Honolulu, HI, 2017

UC Santa Cruz, Department of Earth and Planetary Sciences: Santa Cruz, CA, 2016

Central Wash. Univ., Department of Geological Science: Ellensburg, WA, 2016

Stanford University, Department of Geophysics: Palo Alto, CA, 2016

USGS Earthquake Science Center: Menlo Park, CA, 2016,2014

Japan Geosciences Union: Chiba, Japan, 2016

California Institute of Technology: Pasadena, CA, 2016

University of Texas, Institute of Geophysics: Austin, TX, 2016

University of Michigan, Dept. of Earth and Environmental Sciences: Ann Arbor, MI, 2015

University of Cambridge, Dept. of Earth Sciences: Cambridge, UK, 2015
University of Washington, Dept. of Earth and Space Sciences: Seattle, WA, 2015
University of California San Diego, Structural Engineering Dept.: San Diego, CA, 2015
University of Nevada Reno, Seismological Laboratory: Reno, NV, 2015
University of Arizona, Dept. of Geosciences: Tucson, Az, 2015
American Geophysical Union Annual Meeting: San Francisco, CA, 2014
UNAVCO Science Workshop: Broomfield, CO, 2014
IRIS Seismic Instrumentation Technology Symposium: Albuquerque, NM, 2013
9th Annual US-Japan Natural Resources Panel on Earthquake Research: Golden, CO, 2013
NOAA Pacific Marine Environmental Laboratory Seminar: Seattle, WA, 2013
University of Washington, Applied Math Seminar: Seattle, WA, 2013
3rd UNAVCO/COCONet Science Workshop: Tulum, Mexico, 2013
Seismological Society of America Annual Meeting: San Diego, CA, 2012
Universidad Nacional Autonoma de Mexico, Geophysics Institute Seminar: Mexico City, 2012
UNAVCO Workshop: RT-GPS Position Data Products & Formats: Boulder, CO, 2012
Earthscope National Meeting, RT-GPS Worksop: Austin, TX, 2011
Union Geofisica Mexicana, Annual Meeting: Puerto Vallarta, Mexico, 2011
UNAVCO Workshop: Toward a Unified GPS Network in Mexico: Puerto Vallarta, Mexico, 2010

Advisory Presentations and Briefings

House/senate staff on behalf of the SSA: Washington, DC, 2020
House appropriations majority staff: Washington, DC, 2018
UNESCO Pacific Tsunami Warning System Scientific Experts Meeting: Auckland, New Zealand, 2018
National Tsunami Warning Center: Palmer, AK, 2016
Briefing NSF director: Boulder, CO., 2015
California Spatial Reference Center: San Diego, CA., 2013
California Spatial Reference Center: San Diego, CA., 2012
USGS Advanced National Seismic System, Steering Committee: Boulder, CO, 2011
California Spatial Reference Center: San Diego CA., 2011

Outreach Talks

IRIS webinar: Geodesy for tsunami hazards, 2020
National Academy of Sciences webinar: Local tsunami warning for Cascadia, 2018
SCEC hazards collaboratory webinar: Tsunami science and warning, 2018
UGM webinar (in spanish): Earthquake early warning after the September earthquakes, 2018
UGM webinar (in spanish): Earthquake and tsunami early warning, 2017
UGM webinar (in spanish): Large earthquakes and tsunamis, 2016
Marin County Science Seminar: Marin, CA., 2015

Marin County Science Seminar: Marin, CA., 2015

Birch Aquarium Perspectives Lecture: La Jolla, CA., 2015

Berkeley Breakfast Club: Berkeley, CA., 2015

International Workshops

Early Warning Systems Workshop: Santiago, Chile, 2015

Earthquake Research Institute: The summer school on Earthquake Science: Diversity of Earthquakes, Hakone, Japan, 2013

Pan-American Advanced Sciences Institute: The science of predicting and understanding tsunamis, storm surges and tidal phenomena, Valparaiso, Chile, 2013

Society of Industrial and Applied Math: Gene Golub Summer School: Simulation and Supercomputing in the Geosciences (Tsunamis), Monterey, CA, 2012

Pan-American Advanced Sciences Institute: New Frontiers in Seismological Research: Sustainable Networks, Earthquake Source Parameters, and Earth Structure, Quito, Ecuador, 2011

Computer Skills

Open Source Code Repositories: <http://github.com/dmelgarm>

Languages: Python, Fortran, C, Matlab, Shell script

Seismological Processing: ObsPy, SAC, Seisan

Geodetic Processing: Track, GMTSAR

Tsunami Modeling: GeoClaw

Marine Geophysics: MB System (swath bathymetry), SIOSEIS and PostSurvey (sub-bottom CHIRP profiling)

Image processing and Map Making: GMT, GeoMapApp

Languages

English: Native fluency

Spanish: Native fluency

French: Conversational

Societies and Memberships

American Geophysical Union

Seismological Society of America

Union Geofisica Mexicana

Society of Exploration Geophysics
