EDUCATION

Doctor of Philosophy in Geography, 2014-2018

The Pennsylvania State University (Penn State)

Dissertation Title: The cartography of climate change in United States media

Advisor: Dr. Cynthia A. Brewer

Master of Science in Geography, 2008-2010

Michigan State University

Thesis Title: Change detection in animated choropleth maps

Bachelor of Science in Geography (GIScience concentration), 2005-2008

The Pennsylvania State University

Graduated with Distinction

PROFESSIONAL EXPERIENCE

Academic Positions

- 2018-present *Assistant Professor*
Department of Geography, University of Oregon, Eugene, OR
- 2019-2021 *Early-Career Innovator Program Fellow*
National Center for Atmospheric Research (NCAR), Boulder, CO
- 2014-2018 *Graduate Fellow, Instructor, Teaching Assistant, and Research Assistant*
The Pennsylvania State University, University Park, PA

Professional Positions (Non-Academic)

- 2011-2014 *Cartographic Product Engineer*
Esri, Redlands, CA
- 2010 *GIS Data Collection Manager*
Remote Sensing and GIS, Michigan State University, East Lansing, MI

GRANTS AND FELLOWSHIPS

- 2019 **National Center for Atmospheric Research (NCAR) Innovators Program sponsored by the National Science Foundation (NSF)** for the project titled "Map storytelling to build empathy for coastal communities" \$235,000.
- 2017 **National Science Foundation (NSF) Doctoral Dissertation Research Improvement Award (DDRI).** Co-PI with C.A. Brewer for "Doctoral dissertation research: Cartographic design for public communication of environmental information" \$15,986.

- Evelyn L. Pruitt National Fellowship for Dissertation Research**, Society of Woman Geographers for “*Cartographic design for mass communication*” \$11,000.
- NASA Pennsylvania Space Grant Consortium, Graduate Fellowship** \$5,000.
- United States Geospatial Intelligence Foundation Doctoral Scholarship** \$5,000.
- United States National Committee of the International Cartographic Association National Science Foundation Young Scholar Conference Grant** for “*A content analysis of climate change maps in the United States news media*” \$1,000.
- Cartography and Geographic Information Society (CaGIS) Doctoral Scholarship** \$1,500.
- 2015 **United States National Committee of the International Cartographic Association National Science Foundation Young Scholar Conference Grant** for “*Understanding map design for energy policy, planning, and technology implementation*” \$1,800.
- 2014-15 **Penn State College of Earth and Mineral Sciences FEGR Top-up Award** \$5,000.
- 2009 **United States National Committee of the International Cartographic Association National Science Foundation Young Scholar Conference Grant** for “*Are you blind to change: Evaluating the influence of tweening on human change perception in animated choropleth maps*” \$1,800.
- 2008 **Association of American Geographers, Cartography Specialty Group Master’s Thesis Research Grant** for “*Evaluating the influence of tweening on human change perception in animated choropleth maps*” \$150.
- 2006-08 **Penn State College of Earth and Mineral Sciences Matthew J. Wilson Honors Scholarship** \$4,000.

PRESENTATIONS AND INVITED LECTURES

Workshop (attendance and presentations)

- 2019 National Science Foundation Landscape Carbon Sequestration for Atmospheric Recovery (LCSAR) Workshop, Portland, Oregon
- 2017 Critical GIS Workshop, McGill University, Montreal, Canada
- 2017 National Socio-Environmental Synthesis Center (SESYNC) Workshop on Climate Change Vulnerability Mapping, Annapolis, MD with presentation on “Cartographic Design for Climate Change Vulnerability Mapping”
- 2016 International Cartographic Association (ICA) Workshop with Commissions on Visual Analytics, Usability, and Map Design in San Francisco, California

- 2015 ICA Workshop with Commissions on Visual Analytics, Usability, and Map Design in Curitiba, Brazil with presentation of white paper on “Cartographic Challenges in Animated Mapping”

AWARDS

External

- 2017 **Best Paper, Cartographic Perspectives Journal Student Paper Competition** for the paper entitled *An analysis of interactive solar energy web maps for urban energy sustainability*.
- 2016 **Best Paper, Association of American Geographers Cartography Specialty Group Paper Competition** for the paper entitled *A content analysis study of interactive online solar energy maps*.
Gamma Theta Upsilon Travel Award for travel to the Association of American Geographers meeting for the presentation of *A content analysis study of interactive online solar energy maps*.
- 2015 **North American Cartographic Information Society Student Travel Grant** for organization of Practical Cartography Day and attendance at the annual meeting.
State of the Map United States Conference Scholarship for conference travel and attendance.
Free and Open Source Software for Geospatial (FOSS-4G) North American Conference Scholarship for conference travel and attendance.
- 2014 **Elaine Bosowski Second Place Map Graduate Level Award** for a graduate student map or poster displayed at the annual meeting of the Pennsylvania Geographic Society.
North American Cartographic Information Society Student Travel Grant for the presentation of *Are you blind to change? Evaluating the influence of tweening on human change perception in animated choropleth maps*.
- 2010 **North American Cartographic Information Society Member Travel Grant** for attendance at the annual meeting.
- 2009 **GIS and GIScience Specialty Group of the Association of American Geographers Travel Award** for travel to the International Cartographic Conference (ICC 2009) for the presentation of *Evaluating the influence of tweening on human change perception in animated choropleth maps*.

Internal

- 2018 **New Junior Faculty Research Award** for supporting new research at the University of Oregon.
- 2017 **Outstanding Graduate Teaching Assistant Award** for excellence in teaching in the Department of Geography at Penn State.
Nancy Brown Community Service Award for excellence in service to the Department of Geography at Penn State and the community.
Penn State Geography Academic Enrichment Research Award for dissertation research expenses.
- 2016 **Penn State Geography Academic Enrichment Research Award** for dissertation research expenses.
E. Willard Miller Ph.D. Paper Competition Second Place for the paper entitled *A content analysis study of interactive online solar energy maps*.
- 2009 **Graduate Office Fellowship, Michigan State University, Department of Geography** for master’s thesis research expenses.

Michigan State University, Department of Geography Travel Grant for travel to the International Cartographic Conference (ICC 2009) for the presentation of *Evaluating the influence of tweening on human change perception in animated choropleth maps.*

Michigan State, Graduate School Travel Grant for travel to the Association of American Geographers Conference for the presentation of *Quantifying the influence of tweening in animated maps.*

Michigan State, College of Social Science Travel Grant for travel to the Association of American Geographers Conference for the presentation of *Quantifying the influence of tweening in animated maps.*

Michigan State, Council of Graduate Students Travel Grant for travel to the Association of American Geographers Conference for the presentation of *Quantifying the influence of tweening in animated maps.*

Robert Thomas/Gamma Theta Upsilon Michigan State Travel Grant for travel to the Association of American Geographers Conference for the presentation of *Quantifying the influence of tweening in animated maps.*

2008 **Penn State Department of Geography, Jeff Gockley Memorial Award** for academic excellence in the GIScience concentration.

2005-08 **Dean's List**, Penn State University, College of Earth and Mineral Sciences.
